We take precautions to protect your information. When you submit sensitive information via the website, your information is protected both online and offline.

Wherever we collect sensitive information (such as credit card data), that information is encrypted and transmitted to us in a secure way. You can verify this by looking for a lock icon in the address bar and looking for "https" at the beginning of the address of the Web page.

While we use encryption to protect sensitive information transmitted online, we also protect your information offline. Only employees who need the information to perform a specific job (for example, billing or customer service) are granted access to personally identifiable information. The computers/servers in which we store personally identifiable information are kept in a secure environment.

We send our Newsletter, email updates on sales, products and wine information, to subscribers only. Unsubscribe instructions are included in each edition of the email. We do not sell or share email addresses with other companies. We do use email as a means of receiving feedback from our customers, and we encourage you to email us with your questions or comments. We read every email we receive.

- Links to Other Sites - Occasionally we provide links to other sites we think you will enjoy. These sites operate independently of us and have established their own privacy and security policies. For the best online experience, we strongly encourage you to review these policies at any site you visit.
